I Will Uphold You

IS. 41:10

MINISTRY IN MENTAL HEALTH

36th ANNUAL THEOLOGICAL SYMPOSIUM

SEPT. 22–23, 2026

This symposium examines the care for those experiencing mental health challenges, particularly as mental health care has become increasingly associated with psychiatrists, psychologists and other licensed professionals often to the exclusion of pastors and their spiritual care of souls. How can the church reclaim its voice and its proper role of caring for souls struggling with mental health issues? What is the distinctive role of pastors and other church workers as compared to secular, or even Christian, counselors? Join the conversation at the 2026 Theological Symposium.
